2.2 Special Note on Security of Bids

Security related functionality has been rigorously implemented in ETS in a multi- dimensional manner. Starting with 'Acceptance of Registration by the Service Provider', provision for security has been made at various stages in Electronic Tender's software. Specifically, for Bid Submission, some security related aspects are outlined below:

As part of the Electronic Encrypted™ functionality, the contents of both the 'Electronic Forms' and the 'Main-Bid' are securely encrypted using a Pass-Phrase created by the Contractor himself. Unlike a 'password', a Pass-Phrase can be a multi-word sentence with spaces between words (e.g. I love this World). A Pass-Phrase is easier to remember, and more difficult to break. It is recommended that a separate Pass-Phrase be created for each Bid-Part.

Typically, 'Pass-Phrase' of the Bid-Part to be opened during a particular Online Public Tender Opening Event (TOE) is furnished online by each contractor during the TOE itself, when demanded by the concerned Tender Opening Officer. A bid cannot be opened without a correct Pass-Phrase.

It may also be noted that if a contractor fails to furnish the correct Pass-Phrase during the TOE of Technical Part, the bid shall be rejected. If the contractor fails to furnish the correct Pass Phrase during the TOE of Financial Part, the bid shall be liable to be rejected.

There is an additional protection with SSL Encryption during transit from the client-end computer of a Contractor organization to the e-tendering server/ portal.

Online Public Tender Opening Event (TOE)

2.3 E-tendering Mode only through E Tendering portal (<https://www.tenderwizard.com/iim-rohtak>)

ETS offers a unique facility for 'Online Public Tender Opening Event (TOE)'. Tender Opening Officers as well as authorized representatives of contractors can attend the Online Public Tender Opening Event (TOE) from the comfort of their offices.

Every legal requirement for a transparent and secure 'Online Public Tender Opening Event (TOE)' has been implemented on ETS.

As soon as a Bid is decrypted with the corresponding 'Pass-Phrase' as submitted online by the contractor himself (during the TOE itself), salient points of the Bids are simultaneously made available for downloading by all participating contractors. The tedium of taking notes during a manual 'Tender Opening Event' is therefore replaced with this superior and convenient form of 'Online Public Tender Opening Event (TOE)'.

ETS has a unique facility of 'Online Comparison Chart' which is dynamically updated as each online bid is opened. The format of the chart is based on inputs provided by IIM ROHTAK for each Tender. The information in the Comparison Chart is based on the data submitted by the Contractors. A detailed Technical and/ or Financial Comparison Chart enhances Transparency. Detailed instructions are given on relevant screens.

ETS has a unique facility of a detailed report titled 'Minutes of Online Tender Opening Event (TOE)' covering all important activities of 'Online Tender Opening Event (TOE)'. This is available to all participating contractors for 'Viewing/ Downloading'.

2.4 Other Instructions

For further instructions, the Contractor should visit the home-page of the portal (<https://www.tenderwizard.com/iim-rohtak>) and go to the **User-Guidance Center** the help information provided through 'ETS User-Guidance Center' is available in three categories – Users intending to Register / First-Time Users, Logged-in users of Institute organizations, and Logged-in users of Contractor organizations. Various links are provided under each of the three categories.

Important Note: It is strongly recommended that all authorized users of Contractor organizations should thoroughly peruse the information provided under the relevant links, and take appropriate action. This will prevent hiccups, and minimize teething problems during the use of ETS.

The following '**FOUR KEY INSTRUCTIONS for CONTRACTORS**' must be assiduously adhered to:

- i) Obtain individual Digital Signature Certificate (DSC or DC) well in advance of tender submission deadline on ETS.
- ii) Register your organization on ETS well in advance of tender submission deadline on ETS
- iii) Get your organization's concerned executives trained on ETS well in advance of tender submission deadline on ETS

- iv) Submit your bids well in advance of tender submission deadline on ETS (There could be last minute problems due to internet timeout, breakdown, etc.) While the first three instructions mentioned above are especially relevant to first-time users of ETS, the fourth instruction is relevant at all times.

Any breach of the aforesaid undertaking by the contractor or any one employed by him or acting on his behalf (whether with or without the knowledge of the contractor) or the commission of any offers by the contractor or anyone employed by him or acting on his behalf, as defined in Chapter IX of the Indian Penal Code, 1860 or the Prevention of Corruption Act, 1986 or any other Act enacted for the prevention of corruption shall entitle the Institute to cancel the contract and all or any other contracts with the contractor and recover from the contractor the amount of any loss arising from such cancellation. A decision of the Institute’s/Competent Financial Authority (CFA) or his nominee to the effect that a breach of the undertaking had been committed shall be final and binding on the contractor. Giving or offering of any gift, bribe or inducement or any attempt at any such act on behalf of the contractor towards any officer/employee of the Institute or to any other person in a position to influence any officer/employee of the Institute for showing any favour in relation to this or any other contract, shall render the contractor to such liability/ penalty as the Institute may deem proper, including but not limited to termination of the contract, imposition of penal damages, forfeiture of the Bank Guarantee and refund of the amounts paid by the Institute.

5. Access to Books of Accounts: In case it is found to the satisfaction of the Institute that the Seller/Service provider has engaged an agent or paid commission or influenced any person to obtain the contract as described in clauses relating to Agents/Agency Commission and penalty for use of undue influence, the Seller/Service provider, on a specific request of the Institute, shall provide necessary information/ inspection of the relevant financial documents/information.

6. Non-disclosure of Contract documents: Except with the written consent of the Institute, the Seller/Service provider/other party shall not disclose the contract or any provision, specification, plan, design, pattern, sample or information thereof to any third party.

7. Liquidated Damages: In the event of the contractor's failure to submit the Bonds, Bank Guarantees and Documents, supply the stores/goods and conduct trials, installation of equipment, training, etc. as specified in this contract/work order, the Institute may, at his discretion, withhold any payment until the completion of the supply/commissioning/installation/contract. The institute may also deduct from the contractor as agreed, **liquidated damages to a sum equivalent to 0.5 (Half) per cent of the prices of any portion of stores/services delivered late, for each week or part thereof, subject to the maximum value of the Liquidated Damages being not higher than 10% of the invoice value.**

8. Termination (Cancel) of Contract: The institute shall have the right to terminate (Cancel) this Contract/Order in part or in full in any of the following cases: -

- a) The Agency shall be fully responsible for faithful compliance of the provisions of the LoA/purchase/Work Order/Agreement. Any breach or failure to perform the same may result in termination of the purchase order/Work Order/Agreement and forfeiture of the security deposit as well as other legal recourse.
- b) The Company providing items/services is declared bankrupt or becomes insolvent.
- c) Any misconduct/misbehavior on the part of employees etc. deployed by the seller/agency will not be tolerated and the same must be replaced with suitable and equivalent immediately, failing to comply with same will lead to termination of order/contract.
- d) The institute has noticed that the Seller/Service provider has utilized the services of any Indian/Foreign agent in getting this contract and paid any commission to such individual/company etc.
- e). The Director, IIM Rohtak reserves the right to reject any or all tenders in whole or in part without assigning any reason thereof and decision of the Director, IIM Rohtak shall be final and binding on the sellers/agencies in respect of any clause covered under the contract/PO.

9. Notices: Any notice required or permitted by the contract shall be written in the Hindi or English language and may be delivered personally or may be sent by FAX or registered pre-paid mail/airmail, addressed to the last known address of the party to whom it is sent.

10. Transfer and Sub-letting: The Seller/Service provider has no right to give, bargain, sell, assign or sublet or otherwise dispose of the order/Contract or any part thereof, as well as to give or to let a third party take benefit or advantage of the present Contract or any part thereof.

11. Patents and other Industrial Property Rights: The prices stated in the present Contract shall be deemed to include all amounts payable for the use of patents, copyrights, registered charges, trademarks and payments for any other industrial property rights. The seller/service provider shall indemnify the Institute against all claims from a third party at any time on account of infringement of any or all the rights mentioned in the previous paragraphs, whether such claims arise in respect of manufacturer or use. The Seller/Service provider shall be responsible for the delivery of item/services irrespective of infringement of any or all the rights mentioned above.

12) Amendments: No provision of present proposal/Contract shall be changed or modified in any way (including this provision) either in whole or in part except by an instrument in writing made after the date of order/contract and signed on behalf of both the parties and which expressly states to amend the present Contract.

13) Taxes and Duties

- a. If Contractor desires to ask for GST, statutory compliances, duties etc., the same must be specifically stated. In the absence of any such stipulation, it will be presumed that the prices include all such charges and no claim for the same will be entertained.
- b. If reimbursement of any Duty/Tax is intended as extra over the quoted prices, the Contractor must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and final and no claim on account of such duty/tax will be entreated after the opening of tenders.
- c. If a Contractor chooses to quote a price inclusive of any duty/tax and does not confirm inclusive of such duty/tax so included is firm and final, he should clearly indicate the rate of such duty/tax and quantum of such duty/tax included in the price. Failure to do so may result in ignoring of such offers summarily.
- d. If a Contractor is exempted from payment of any duty/tax up to any value of supplies from them, he should clearly state that no such duty/tax will be charged by him up to the limit of exemption which he may have. If any concession is available in regard to rate/quantum of any Duty/tax, it should be brought out clearly. Stipulations like, the said duty/tax was presently not applicable but the same will be charged if it becomes applicable later on, will not be accepted unless in such cases it is clearly stated by a Contractor that such duty/tax will not be charged by him even if the same becomes applicable later on. In respect of the Contractors, who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of such duty/tax which is normally applicable on the item in question for the purpose of comparing their prices with other Contractors.
- e. Any change in any duty/tax upward/downward as a result of any statutory variation in excise taking place within contract terms shall be allowed to the extent of actual quantum of such duty/tax paid by the supplier. Similarly, in case of downward revision in any duty/tax, the actual quantum of reduction of such duty/tax shall be reimbursed to the Institute by the Seller/Service provider. All such adjustments shall include all reliefs, exemptions, rebates, concession etc. if any obtained by the Seller/Service provider.

14. Pre-Integrity Pact Clause: An "c" would be signed between the IIM Rohtak and the Contractor for purchase (If required). This is a binding agreement between the Institute and Contractor for specific contracts in which the Institute promises that it will not accept bribes during the procurement process and Contractors promise that they will not offer bribes. Under this Pact, the Contractors for specific item/services

or contracts agree with the Institute to carry out the procurement in a specified manner. The Format of Pre-Integrity Clause will be as per the prescribed format will be provided on request (If required). The essential elements of the Pact will be as follows:

- a. A pact (contract) between the IIM Rohtak, "the authority or the "principal" and those companies submitting a tender for this specific activity (the Contractor");
- b. An undertaking by the Principal that its officials will not demand or accept any bribes, gifts etc., with appropriate disciplinary or criminal sanctions in case of violation;
- c. A statement by each Contractor that it has not paid, and will not pay, any bribes;
- d. An undertaking by each Contractor to disclose all payments made in connection with the Contract in question to anybody (including agents and other middlemen as well as family members, etc., of officials); the disclosure would be made either at the time of submission of Bids or upon demand of the Principal, especially when a suspicion of a violation by that Contractor emerges;
- e. The explicit acceptance by each Contractor that the no-bribery commitment and the disclosure obligation as well as the attendant sanctions remain in force for the winning Contractor until the contract has been fully executed.
- f. Undertaking on behalf of a Bidding company will be made "in the name and on behalf of the company's Chief Executive Officer".
- g. The following set of sanctions shall be enforced for any violation by a Contractor of its commitments or undertakings:
 - i. Denial or loss of contracts;
 - ii. Forfeiture of the Bid security and performance bond;
 - iii. Liability for damages to the principal and the competing Contractors; and
 - iv. Debarment of the violator by the Principal for an appropriate period of time.
 - v. Contractors are also advised to have a company code of conduct (clearly rejecting the use of bribes and other unethical behavior and compliance program for the implementation of the code of conduct throughout the company.
- h. Pre-Integrity Pact Clause to be executed on Rs.100.00 Non judicial stamp paper by successful contractor.**

Part IV – Special Condition of tender

The Contractor is required to give confirmation of their acceptance of Special Conditions of the Tender mentioned below on their original letter head which will automatically be considered as part of the Contract concluded with the successful Contractor (i.e. Seller in the Contract) as selected by the Institute. Part V – Evaluation Criteria & Price Bid issues

1. Evaluation Criteria - The broad guidelines for evaluation of Bids will be as follows:

a. Only those Bids will be evaluated which are found to be fulfilling all the eligibility and qualifying requirements of the tender, both technically and commercially.

b. In respect of Bids forwarded by the Contractors will be evaluated by the Institute with reference to the technical characteristics of the equipment/material as mentioned in the (Part –II, Para-2). The compliance of bids would be determined based on the parameters specified in the TENDER and successful onsite demonstration of the offered products/items (if felt necessary & asked) before the bids evaluation committee. The Price Bids/Commercials of only those contractors will be considered & evaluated whose bids would clear the technical specification evaluation criteria's (including onsite demonstration).

c. **The lowest price bid will be decided upon the total value wise lowest price quoted by the particular Contractor as per the Price bid Format.** The consideration of taxes and duties in evaluation process will be as follows:

i. In cases where only indigenous Contractors are competing, all taxes and duties (including those for which exemption certificates are issued) quoted by the Contractors will be considered. The ultimate cost to the Institute would be the deciding factor for ranking of Bids.

ii. In cases where both foreign and indigenous Contractors are competing, following criteria would be followed –

1. In case of foreign Contractors, the basic cost (CIF) quoted by them would be the basis for the purpose of comparison of various tenders.

2. In case of indigenous Contractors, excise duty on fully formed equipment would be offloaded.

3. Sales tax and other local levies, i.e. octroi, entry tax etc. would be ignored in case of indigenous Contractors.

d. The Contractors are required to spell out the rates of Customs duty, Excise duty, GST, etc. in unambiguous terms; otherwise their offers will be loaded with the maximum rates of duties and taxes for the purpose of comparison of prices. If reimbursement of Customs duty / Excise Duty /GST is intended as extra, over the quoted prices, the Contractor must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and final and no claim on account of such duties will be entailed after the opening of tenders. If a Contractor chooses to quote a price inclusive of any duty and does not confirm inclusive of such duty so included is firm and final, he should clearly indicate the rate of such duty and quantum of excise duty included in the price. Failure to do so may result in ignoring of such offers summarily. If a Contractor is exempted from payment of Customs duty / Excise Duty / GST duty up to any value of supplies from them, they should clearly state that no excise duty will be charged by them up to the limit of exemption, which they may have. If any concession is available in regard to rate/quantum of Customs duty / Excise Duty / GST, it should be brought out clearly. Stipulations like, excise duty was presently not applicable but the same will be charged if it becomes leviable later on, will not be accepted unless in such cases it is clearly stated by a Contractor that excise duty will not be

charged by him even if the same becomes applicable later on. In respect of the Contractors who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of excise duty, which is normally applicable on the item in question for the purpose of comparing their prices with other Contractors. The same logic applies to Customs duty and GST also.

e. In import cases, all the foreign quotes will be brought to a common denomination in Indian Rupees by adopting the exchange rate as BC selling rate of the State Bank of India on the date of the opening of Price Bids.

f. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.

g. The Institute reserves the right to evaluate the offers received by using Discounted Cash Flow method. In case cash flow involves more than one currency, the same will be brought to a common denomination in Indian Rupees by adopting exchange rate as BC selling rate of the State Bank of India on the date of the opening of Price Bids.

h. **The Lowest reasonable, economical & acceptable bids against requisite items, as mentioned in Part-V TENDER/proposal document** will be considered in rates must be quoted in Indian rupees in import cases, all the foreign quotes will be brought to a common denomination in Indian Rupees by adopting the RBI/SBI/GOC declared exchange rate.

2. **Price Bid Format:** The Price Bid /Bill of quantity Format is given as an **annexure A** /provided online and Contractors are required to fill this up correctly with full details: & Seal and Sign. of Proprietor/ Auth. Signatory/Contractor.

3. **Check list –**

3.1. Processing fee Rs.5900.00 deposited to the account as given above. Proof must be attached with technical bid (Contractors registered under MSE having Valid MSE Certificate (under Manufacturing /Service category) are exempted towards processing fee),

Special Addition Terms & Condition with Scope of Work

TECHNOLOGY DESCRIPTION FOR 360 KLD STP REVAMP:

1. Overview of Existing Treatment Scheme

The existing STP at IIM Rohtak is based on a natural attached-growth treatment system comprising aerobic, anaerobic, and anoxic zones. It includes Fixed Film Biological Reactors (FFBR), Fecal Sludge Management Unit (FSM), filtration units, and UV disinfection. The system relies on gravity-fed trickling filtration, natural media, and biofilm formation for organic removal.

2. Revamp Technology Approach

The revamp aims to restore hydraulic flow, biological activity, filtration efficiency, and disinfection capability. The approach includes mechanical cleaning, sludge removal, pump refurbishment, media rejuvenation, filtration media replacement, and UV lamp replacement. Biological reactivation is achieved by re-seeding beneficial organisms and restoring the natural fixed-film zones.

3. Biological Treatment Restoration

Fixed Film Biological Reactors operate on trickling filtration principles. Wastewater is distributed over natural media (20–80 mm and 2–40 mm). Biofilm grows on media surfaces, providing high BOD & COD removal. After 3 years of inactivity, media clogging and biofilm die-off occur, requiring complete cleaning and rejuvenation. Post-revival, reactors will function with aerobic–anaerobic–anoxic cycling to achieve high treatment efficiency.

4. Sludge Management (FSM Unit)

The FSM unit is a natural sludge digestion system where organic sludge undergoes stabilization through aerobic and anaerobic microbial processes. Media layers—soil, sand, sawdust, and earthworm-supported bio-composting—convert sludge into odorless, stabilized bio solids. Revamp includes layer restoration, cleaning, and reactivation.

5. Filtration System (PSF + ACF)

Filtration units remove turbidity, suspended solids, odor, and residual organics. Pressure Sand Filters (PSF) use graded sand and gravel media, while Activated Carbon Filters (ACF) use high-iodine charcoal for color/odor reduction. For revamp, only filter media will be replaced, keeping vessels intact.

6. UV Disinfection System

The final stage of disinfection uses UV-C lamps to eliminate pathogenic microorganisms. Only UV lamps need replacement as the chamber and ballast units remain serviceable. New lamps will ensure >99% microbial reduction in treated water.

7. Expected Treated Water Quality

Post-revamp, the STP is expected to consistently achieve:

BOD < 10 mg/L, COD < 50 mg/L,

TSS < 20 mg/L,

Oil & Grease < 10 mg/L,

pH 6.5–8.5, and pathogen- free disinfected water suitable for gardening and reuse applications.

Scope of Work:

1. Complete cleaning, desludging & jet-flushing of all STP tanks.
2. Pump repair/overhauling where required (Grundfos/Kirloskar).
3. Electrical & Instrumentation rectification (sensors, panel, wiring).
4. Biological system revival through media cleaning & re-seeding.
5. Revival of Fecal Sludge Management unit.
6. Replacement of UV LAMPS ONLY in existing UV disinfection chamber.
7. Replacement of FILTER MEDIA ONLY (Sand, Gravel, Activated Carbon) in existing PSF + ACF units.
8. Testing, commissioning & 15-day monitored stable operation.
9. Repair & replacement of electrical/mechanical installation/accessories.
10. Routine testing lab with basic testing equipment.
11. Repair/ cleaning of civil facility /plumbing systems.
